

New Props

Several props that were purchased through the 2016 Assistance to Firefighters Grant program have arrived. Carts simulating hazardous materials trucks, a trailer simulating railcars, and a forcible entry trailer are here and instructor training has begun.

Nozzle Forward

On May 21 & 22, 90 students from several states attended an advanced class on hose movement & firefighting put on by Aaron Fields of the Seattle Fire Department. This is an example of outside programs that DSFS offers several times each year.
